Editorial Review

About the Author
I’m an unschooling dad and a philosophy professor. When I earned my BA in Telecommunications with a minor in philosophy there was no internet and I never could have imagined that one day I would be teaching philosophy online. I look forward to: Learning something new every day with my daughter. A world where everyone who wants to can unschool their kids. Teaching more students to love to learn and think. Composing more music. Writing more books. Reading more books. Creating more art.
