Whatever Life Throws at You (Entangled Teen) By Julie Cross

"Loved this book! Great characters, great story, & so much swooning!" **–Cindi Madsen, USA Today bestselling author**

Life loves a good curveball…

Seventeen-year-old Annie Lucas's life is completely upended the moment her dad returns to the major leagues as the new pitching coach for the Kansas City Royals. Now she's living in Missouri (too cold), attending an all-girls school (no boys), and navigating the strange world of professional sports. But Annie has dreams of her own—most of which involve placing first at every track meet…and one starring the Royals' super-hot rookie pitcher.

But nineteen-year-old Jason Brody is completely, utterly, and totally off-limits. Besides, her dad would kill them both several times over. Not to mention Brody has something of a past, and his fan club is filled with C-cupped models, not smart-mouthed high school "brats" who can run the pants off every player on the team. Annie has enough on her plate without taking their friendship to the next level. The last thing she should be doing is falling in love.

But baseball isn't just a game. It's life. And sometimes, it can break your heart…

Editorial Review

From School Library Journal
Gr 10 Up—Bone cancer ended his professional baseball career during his rookie season, but when Jim Lucas is offered the opportunity to become a pitching coach for the Kansas City Royals, life changes overnight for his 17-year-old daughter, Annie Lucas. Annie quickly learns the other side of pro baseball--families that smile and appear wholesome before the camera, but hardly speak to one another off camera, with media constantly in tow looking to catch players' kids doing something wrong. Annie finds true friendship in Lenny London, the daughter of a Royal, and Jason Brody, a 19-year-old rookie pitcher with a scandalous past. When Annie's father discovers that she and Jason have been secretly dating for months, he orders Annie to end all communication with him. In the end, Brody proves himself to Annie's father and their relationship earns his seal of approval. While characters are likable and the plot allows readers an all-access pass into the lives of professional athletes and their families, the numerous anf frank sex scenes between Annie and Jason make this a pick best suited for older teens.—Nicole Knott, Watertown High School, CT
