Chinese Mythology: An Introduction By Anne M. Birrell

In *Chinese Mythology*, Anne Birrell provides English translations of some 300 representative myth narratives selected from over 100 classical texts, many of which have never before been translated into any Western language. Organizing the narratives according to themes and motifs common to world mythology, Birrell addresses issues of source, dating, attribution, textural variants, multiforms, and context. Drawing on exhaustive work in comparative mythology, she surveys the development of Chinese myth studies, summarizes the contribution of Chinese and Japanese scholars to the study of Chinese myth since the 1920s, and examines special aspects of traditional approaches to Chinese myth. The result is an unprecedented guide to the study of Chinese myth for specialists and nonspecialists alike.

Editorial Review

Review

The first serious and comprehensive introduction to Chinese mythology aimed at both the specialist and general reader. It is splendidly organized with well-chosen texts, lucid commentary, and useful supplementary matter... Sets new standards in the presentation of Chinese mythology.

(*Asian Affairs*)

We must all thank Professor Birrell for providing an incredibly bountiful source, containing all manner of practical and fascinating information within its framework of myths. This book should find many uses and readers?it is a superb resource for teaching about Chinese myth, literature, history, religion, culture, and thought.

(Suzanne Cahill *Journal of Asian Studies*)

One can safely expect to see this volume in all libraries that serve educated general readers as well as even the most modest academic libraries. Anne Birrell is to be congratulated for bringing this arcane subject matter into the grasp of a wide variety of readers outside the China-studies area.

(Robert E. Hegel *Chinese Literature: Essays, Articles, Reviews*)

Goes far beyond anything in or out of print on this subject. Nothing remotely of this stimulating nature and high quality exists in English. It will be very much sought after by sinologists, but especially by non-sinologist comparativists. Birrell has singlehandedly saved the scholarly world at least a decade in its attempts to come to grips with this fragmented, refractory body of narratives... [A] marvelous work of humanistic scholarship.

(Victor H. Mair, University of Pennsylvania)

Review

"Goes far beyond anything in or out of print on this subject. Nothing remotely of this stimulating nature and high quality exists in English. It will be very much sought after by sinologists, but especially by non-sinologist comparativists. Shawn Midkiff:

Spent a free a chance to be fun activity to perform! A lot of people spent their leisure time with their family, or their very own friends. Usually they accomplishing activity like watching television, planning to beach, or picnic in the park. They actually doing ditto every week. Do you feel it? Do you need to something different to fill your own free time/ holiday? Can be reading a book can be option to fill your no cost time/ holiday. The first thing that you will ask may be what kinds of guide that you should read. If you want to consider look for book, may be the reserve untitled Chinese Mythology: An Introduction can be great book to read. May be it may be best activity to you.

John Hill:

As a university student exactly feel bored to be able to reading. If their teacher inquired them to go to the library in order to make summary for some e-book, they are complained. Just minor students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that looking at is not important, boring and can't see colorful images on there. Yeah, it is being complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Chinese Mythology: An Introduction can make you experience more interested to read.
