The Deaths of Tao (Lives of Tao Book 2) By Wesley Chu

Booklist Starred Review

Shelf Awareness Starred Review

The sequel to *The Lives of Tao*.

The Prophus and the Genjix are at war. For centuries they have sought a way off-planet, guiding humanity's social and technological development to the stage where space travel is possible. The end is now in sight, and both factions have plans to leave the Earth, but the Genjix method will mean the destruction of the human race.

That's a price they're willing to pay.

It's up to Roen and Tao to save the world. Oh, dear...

File Under: **Science Fiction** [Manning Up | A Long Journey | Bye-Bye Mankind | Personal Space]

From the Paperback edition.

Editorial Review

From Booklist
Starred Review It makes a kind of sense, if you think about it. Some of humanity’s greatest people and some of its most historically important have been hosts to an ancient alien species, the Quasing, whose two warring factions, the Prophus and the Genjix, have influenced the course of human history since, well, since before there was human history. Now, in this follow-up to The Lives of Tao (2013), the Prophus and the Genjix are close to finding a way to extricate themselves from their symbiotic relationship with humanity and finally, after countless millennia, leave Earth and get back to their homeworld. Unfortunately, it’s possible that the aliens’ freedom might only be achieved with the annihilation of mankind. Does Roen Tan, the hapless IT worker who’s become a soldier in the war between the Prophus and the Genjix, have what it takes to make sure that doesn’t happen? At times treading close to outright comedy, this is a fast-paced sf adventure that is, if you look at it from the right angle, more accurately a political thriller posing as an sf adventure. Fans of the first novel will have a great time, and newcomers should have no trouble picking up the plot’s various threads as the story moves along. Great stuff. --David Pitt

Review
"For The Lives of Tao: A totally original sci-fi thriller that willhave you hooked from page one with both riveting action and a sly wit.This is a story of human history, the hidden powers that have shaped it, and one man's transformation from complete nobody to a key fighter inthe war for humanity's future." - Ramez Naam, author of Nexus

"Filled with non-stop action and brilliant asides on the history of ourspecies, the book is sure to thrill and amuse." - Ken Liu, Nebula Awardwinning author of The Paper Menagerie

"Just your usual 'I've got an immensely wise alien in my head who wants me to become andinternational man of mystery' story. Which is to say, Page-turninghomage to other classic SF like Hal Clement's Needle. Recommended." -Steven Gould, author of the Jumpers series

"In Wesley Chu'sdebut novel you meet an unlikely hero in the form of Roen, anout-of-shape, self-loathing, under-achieving computer geek. He is soontransformed into a confident, lean, mean fighting machine under theguidance and influence of the ancient alien Tao, who has inhabited hisbody and is now working hard to get Roen in shape for an importantmission - nothing less than to take on the Genjix and save the planetfrom an evil plot of destruction. This book is high-octane spy vs spyaction with a sly sense of humor. Pure pleasure from beginning to end.Highly recommended!" - Ann Vandermeer, Hugo winning editor of WeirdTales and British Fantasy Award winning publisher of Buzzcity Press

About the Author

Wesley Chu's best friend is Michael Jordan, assuming that best friend status is earned by a shared television commercial. If not, then his best friend is his dog Eva who he can often be seen riding like a trusty steed through the windy streets of Chicago.

Unfortunately, Chu's goals of using Hanes underwear commercials to launch a lucrative career following in Marky Mark's footsteps came to naught. Despite phenomenal hair and manicured eyebrows, his inability to turn left led his destiny down another road. Instead of creating new realities with his skills as a thespian, Chu would dazzle audiences with his pen. Well, it's a computer really, but the whole technology thing really

sucks for metaphors. He had spirit fingers maybe?

In 2015, Wesley Chu was shortlisted for the John W. Campbell Best New Writer Award. Chu's debut novel from Angry Robot Books, The Lives of Tao, earned him a Young Adult Library Services Association Alex Award and a Science Fiction Goodreads Choice Award Finalist slot. His next series, Time Salvager, published by Tor Books, is scheduled for release July 7th, 2015.

Users Review

From reader reviews:

Lillie Levine:

The book The Deaths of Tao (Lives of Tao Book 2) can give more knowledge and information about everything you want. Exactly why must we leave a good thing like a book The Deaths of Tao (Lives of Tao Book 2)? A number of you have a different opinion about guide.
