Fluid and Electrolyte Notes: Nurse's Clinical Pocket Guide (Davis's Notes)
By Allison Hale MSN BA RN, Mary Jo Hovey MSN RN CNE

This handy pocket guide provides the crucial coverage you need to quickly recall the signs, symptoms, and treatments of common fluid, electrolyte, and acid-base imbalances. Its simple and direct approach makes an often challenging subject easier to understand and its easy-to-use format and on-the-job durability make it the perfect reference for any setting.

"I am a student nurse with 2 semesters left before graduating. Fluid and Electrolyte balance is what we live and breathe on the Med/Surg floor!! These pocket notes have helped me fill out my clinical worksheets which can be a real pain if the hospital you are working at is not up to par with their charts. I highly recommend these notes. It will help you all throughout nursing school and the beginning of your career. By the time you are done, you will definitely have to be familiar or memorized with these values."
