Editorial Review

From Booklist
Many parenting books focus on infancy and the early years and then stop suddenly at age 6 or 8 as if to say, "Now you've got the hang of it." Drescher realizes that middle childhood is parents' "last good chance to hold your child close" and make an impact before the storm of adolescence rocks the family. Drescher overlays his suggestions with a comforting spiritual tone bolstered by biblical quotes and ecumenical references to "The Creator." He could make more distinctions between children within this wide age range, since 6-year-olds are quite different from 10-year-olds. Still, speaking in generalizations, the author gives some fine advice on parental modeling, avoiding hurtful criticism, and taking time to share the pleasures of being a mom or dad. *Denise Perry Donavin*
