Editorial Review

Review
"This is the type of novel that is open to interpretation and students will gain a better understanding from reading all of the discussion. Doctorow is quoted in several chapters. Students looking for criticism and analysis of literary works will find it easy to use this title rather than searching endlessly for the journals in which these articles may have originally appeared. A valuable resource for literature collections."

About the Author
Considered the world's cheif authority on Shakespeare, Harold Bloom is now in his 46th year of teaching at Yale University. His latest book How to Read and Why joins a prodigious literary output which includes the editorship of this flagship study guide series.

Users Review

From reader reviews:

Eloisa Hurd:

The book To Kill a Mockingbird (Bloom's Notes) can give more knowledge and also the precise product information about everything you want.
