Uncontrollable: The Nature of Grace series (Volume 2) By S R Johannes

Unstoppable - Book 3 - coming Summer 2013
As Grace recovers from tragedy, her science class is chosen by Agent Sweeney at the U.S. Fish & Wildlife Service to help with research on the new "Red Wolf Reintroduction Program". While she's excited about helping with the conservation of the endangered wolves, Grace knows this means being outdoors in the worst winter on record, in a place she no longer feels comfortable. It also means working closely with Wyn (her ex) and his annoying girlfriend (Skyler), a girl whose idea of getting close to nature is killing two silk plants and watering a cactus. After a couple of wolves show up dead, Grace almost quits. However, when a fellow project team member goes missing, Grace continues the assignment under a renewed suspicion that someone might be sabotaging the conservation program. She quietly begins to hunt for clues. Little does she know, she is being hunted too.

Review
Praise for series:

"This thrilling story is a dramatic entanglement of mystery, deception and teen romance. The action flows like a brisk mountain stream interspersed with rapids, holding suspense to last page."
- Kirkus Review

Johannes has done a marvelous job of creating a suspense-filled mystery with surprises that keep you guessing...to the end. Untraceable is a thoroughly engrossing and riveting page-turner."***- IndieReader***

"Grace is a spunky, independent, nature girl who doesn't need a boy to save her. With wilderness survival, a juicy love triangle, and more twists and turns than a roller coaster, this fast-paced novel had me holding my breath until the very last page--and still begging for more!" - ***Kimberly Derting (author of the popular Body Finder series)***

"This story is action-packed and...There is even a bit of young romance.There is a strong message of wildlife conservation, so it is somewhat educational.."**- Reviewed by Molly Burkemper for "Readers Favorite"**
