I Am Princess X By Cherie Priest

Once upon a time, two best friends created a princess together. Libby drew the pictures, May wrote the tales, and their heroine, Princess X, slayed all the dragons and scaled all the mountains their imaginations could conjure.
Once upon a few years later, Libby was in the car with her mom, driving across the Ballard Bridge on a rainy night. When the car went over the side, Libby passed away, and Princess X died with her.
Once upon a now: May is sixteen and lonely, wandering the streets of Seattle, when she sees a sticker slapped in a corner window.
Princess X?
When May looks around, she sees the Princess everywhere: Stickers. Patches. Graffiti. There's an entire underground culture, focused around a webcomic at IAmPrincessX.com. The more May explores the webcomic, the more she sees disturbing similarities between Libby's story and Princess X online. And that means that only one person could have started this phenomenon -- her best friend, Libby, who lives.

Editorial Review

From School Library Journal
Gr 7 Up—May and Libby created Princess X on the day they met in fifth grade. That was before Libby and her mother died in a car crash. Now May is 16 and looking at another long, lonely summer in Seattle when she spots a Princess X sticker on the corner of a store window. Suddenly she starts seeing Princess X everywhere, including in a webcomic at IAmPrincessX.com, where the princess story is eerily similar to Libby's. This means that the only person who could have created the comic is May's best friend—Libby—who must still be alive. In her YA debut, Priest offers a tantalizing, page-turner of a mystery that spans real locations in Seattle and dark pockets of the Internet. May is an assertive, capable heroine who finds help from likable and well-realized characters along the way in this fresh and authentic story. Even when the action moves online, Priest keeps the story exciting and approachable without ever resorting to technical jargon. Accompanying illustrations by Ciesemier bring the story found in the webcomic to life and integrate beautifully with May's search for Libby in this utterly satisfying read. VERDICT An excellent book with loads of cross-genre and cross-format appeal. Highly recommended.—Emma Carbone, Brooklyn Public Library

Review
*"Priest's YA debut is an engrossing cyberthriller packed with a puzzling mystery, crackerjack detective work, and an eerie, atmospheric sense of place. Teens who roll their eyes at adults out of touch with Internet culture will eat this up." -- *Booklist*, starred review
*"An excellent book with loads of cross-genre and cross-format appeal. Highly recommended." -- *School Library Journal*, starred review
*"Fresh and contemporary, this hybrid novel/comic packs a lot of plot in a relatively short book, but its strongest suit may be Priest's keen understanding of the chasmic gap between the way teens and adults engage in the landscape of the Internet." -- *Publishers Weekly*, starred review

About the Author
