Vibrational reach simply refers to the extent to which you can perceive through your thoughts. Thus, the higher your vibrational reach is, the higher your frequency shall be and vice versa. Different thoughts generate different feelings. If you think of sadness, you may unknowingly become sad. Let us look at this with the previous example we had given. While you were buying the lottery ticket and left your thoughts to manifest the kind of life you would experience if you won, you were stretching and increasing your vibrational reach. This in turn attracts emotions that compliment those of winning money. The more you think of winning, the happier you shall be and the more your vibrational zone shall

expand bringing with it other feelings related to that happiness; feeling such as faith, belief and courage to buy a ticket next time."**Download *Lottery and Law Of Attraction: Secret Lottery Strategies and Systems to Effortlessly Manifest Abundance!* Now for Instant Reading by Scrolling Up and Clicking the "Buy" Button.*Turn your bad luck and minimal winnings into great wealth and success with the Laws of Attraction!***Happy Reading and Good Luck!

Editorial ReviewAbout the Author
I got into Law of Attraction in 2006 (I thought) quite by accident, though now I know better. That's the problem. You never know it's hitting you until it does. Growing up, I never imagined that I would have the life I have now. I was raised in a beaten down neighborhood in the mid-west with more problems then I knew how to handle. My mother left my father after his abuse and womanizing became too much. The broken marriage itself had the effect of leaving me worried that I would never have a solid relationship of my own and lost because I rejected my father's idea of manhood. In between the drinking that I had turned to in order to dull my emotions, I would spend hours reading. It was there in the library that I ran into my first life-changing book, Think and Grow Rich by Napoleon Hill. It was to become a turning point in my life, which is why I want to share my experience with others. I started tackling my own limiting thoughts, listening to and creating powerful affirmations for myself about wealth, abundance, relationships and success. I radically changed my daily habits and learned the mind disciplines that I needed in order to thrive. After taking countless classes, seminars, reading books and traveling to conferences, I've studied as much as I could on the powerful Law of Attraction with the hopes of sharing it with others. While I'm not (yet) a millionaire, I now live a life that I never dreamed I could have. I have the business and productivity I've always wanted, have transformed my body and found the partner of my dreams. I now know that I can have anything I want by manifesting the thought and feeling of it so clearly, that I can sit in the peace of that fulfillment and make it so in the tangible universe. It's it own form of "work" and it takes practice, but I am dedicated to sharing all I know with you so that you may also have the life you truly want. I've studied program after program and am also committed to sharing with you tips, strategies and products that I believe will serve you powerfully on your journey towards becoming a master of manifestation. I wish some of these had been around earlier! You can have the life of your dreams, if you're willing to clear the clutter and garbage that's been taking up space in your mind and replace it with powerful affirmations, thoughts and habits that will have you transforming your brain and life forever! Enjoy, Nathan Powers Users Review**From reader reviews:**
