The Song of the Quarkbeast By Jasper Fforde

A long time ago Magic faded away, leaving behind only yo-yos, the extremely useful compass-pointing-to-North enchantment and the spell that keeps bicycles from falling over. Things are about to change. Magical power is on the rise and King Snodd IV of Hereford has realised that he who controls Magic controls almost anything. Only one person stands between Snodd and his plans for unimaginable power and riches.

Meet Jennifer Strange, 16-year-old acting manager of Kazam, the employment agency for sorcerers and soothsayers. She may only have one functioning Wizard and her faithful assistant 'Tiger' Prawns to help her. But one thing is certain: she will not relinquish the noble powers of Magic to big business and commerce without a fight.
