There are an estimated 60 million dogs and 70 million cats living as beloved companions in American homes, and feeding pets is a multi-billion dollar business. With pet disease and illness on the rise, a significant proportion of pet owners are turning to holistic health care to prevent disease and enhance their pet's well-being. The foundation of holistic care is optimal nutrition. Our own doctors extol the virtues of eating fewer processed foods and more fresh foods if we wish to enjoy good health. Certainly, our pets deserve the same consideration.
