IT manager Mia Connors is up to her tortoiseshell glasses in technical drama when a glitch in the Horseshoe Falls email system disrupts security and sends errant messages to residents of the gated community. The snafu’s timing couldn’t be worse—Renaissance Faire season is in full swing and Mia’s family’s business relies on her presence.

Eager to clear her name, Mia moves into action to locate her missing buddy and find out who killed their friend. But her quick tongue gets her into trouble with more than the new head of security.
