The Shift: Taking Your Life from Ambition to Meaning By Dr. Wayne W. Dyer

The Shift—a companion book to the movie of the same name—illustrates how and why to make the move from ambition to meaning. Such a shift eliminates our feelings of separateness, illuminates our spiritual connectedness, and involves moving from the ego-directed *morning* into the *afternoon* of life where everything is primarily influenced by purpose.

As we contemplate leaving the morning of our life, where ego has played a commanding role, and entering the afternoon (and evening), where meaning and purpose replace ambition and struggle, we may encounter unexpected occurrences that accompany this new direction. It's almost a universal law that we'll experience a fall of some kind. Yet these falls or low points provide the energy we need to move away from ego and into a life of meaning and purpose.

The Shift doesn't mean that we lose our drive and ambition; it signifies that we become ambitious about something new. We make a commitment to living a life based on experiencing meaning and feeling purposeful, rather than never-ending demands and false promises that are the trademark of the ego's agenda.

As **Dr. Wayne W. Dyer** so eloquently reveals in these pages, we all have the choice to shift our lives from ambition to meaning . . . and thereby complete our return to the Source that created us.
